The Job Guarantee ensures that the Company will refund the full tuition to students who do not receive a job offer for a developer position within 365 days from the start of the program. In addition to the full tuition refund, students will also be granted an additional \$1,000. Eligibility for this guarantee is contingent upon meeting the following conditions:

**4.1.1. Completion of Course Work:** The Student must complete all coursework and have their portfolio and resume approved by a class instructor prior to beginning their job search.

- Provide documentary proof of their job search activity, including job applications, interview invitations, and other relevant documentation.

#### **4.2. Income Threshold:**

The refund is only applicable if the Student does not receive a job offer for a developer role with a salary of at least \$60,000 per year (pro rata). If the Student is offered or otherwise earns \$60,000 per year after completing the program, they are ineligible for the refund.

#### **4.3. Refund Application:**

The Company does not guarantee literal employment, but it is confident that hardworking students will secure a job within the industry.

### **5. Late Payment or Non-Payment**

If the Student fails to make a payment or makes a payment more than 14 days late, they shall not be entitled to any refund of the payments already made, and they shall remain liable for the outstanding balance.
